

REQUEST FOR VOLUNTEERS

As many will recall, there was interest expressed at the June 18th Parish meeting, in increasing Parish Fundraising efforts. Our June call for volunteers was answered by only five generous souls. This low number may be because the timing was bad, or because some others had demonstrated their willingness to serve the evening of at the meeting itself, and therefore did not complete the survey.

If we are to move forward with fundraising of any kind, it will be necessary to organize a Parish Fundraising Committee, whose mandate will be to decide fundraising direction. This Committee will also need a bank of willing volunteers.

Therefore we are sending out another call. All parishioners and other interested parties are invited to complete the survey below. If you left your name on the night of the meeting, and are still interested in assisting with Fundraising, you are asked to complete this form as well. This data will be passed on to the Fundraising Committee once adequate numbers are available.

I am willing to serve on the Fundraising Committee.
